

Tauranga Boys' College Old Boys' Association

Welcome to the Old Boys' Association

The Tauranga Boys' College Old Boys' Association was founded in 2009 by Principal Robert Mangan. The rationale behind forming the Association was to formally reconnect past students of TBC with the TBC of today. Much of the community spirit and comradeship that was fostered during their school years could now be harnessed to benefit the college and its community. Register now and receive the following benefits!

- Make a difference to the lives and quality of education for the boys currently attending TBC
- Receive regular School communications such as the Principal's Newsletter and regular emails informing you of upcoming events
- Priority ticketing for the annual Old Boys' Association Dinner
- Belong to an organisation of long-standing fellowship and tradition
- Be part of a growing network of Old Boys that stretches across the world
